

FINAL COATINGS

Ready-to-use acrylic / silicone resin based decorative thin coat renders available in 1.5mm, 2mm & 3mm grain sizes.

- **Granopor Putz** – Vapour permeable and durable finish.
- **Silikon Putz** – High performance coating with excellent properties.
- **Nanopor Putz** – Improved breathability and dirt resistance.

For Synthetic Paste Renders, only colours with a Lightness Reflectance Value of more than 20% are suitable for use in the Baunit EWI System.
